

A TOUCH of tender care

Clinically proven to simultaneously cleanse and nourish your little one's skin, Becutan Almond Oil Wipes have a formulation enriched with 100% natural almond oil that is exceptionally soft for a gentle clean. They are recommended for daily care and hygiene of normal and sensitive skin.

Made with 97% naturally derived ingredients, Becutan Almond Oil wipes are pH-neutral and dermatologically tested, with the benefits of almond oil that helps moisturize and protect a baby's skin by locking in moisture and supporting the skin barrier with nourishing fatty acids and vitamin E.

Kind to skin

Commitment to less plastic

How to use:

Clean your child's skin gently with the wipe. Wipes are intended for single use only. Do not flush down the toilet. After use, close the pack carefully to prevent the wipes from drying out. Use wipes to gently cleanse hands, face, and anywhere needed throughout the day. Perfect for refreshing and removing dirt or impurities on the go.

*Because care is not just what we do.
It's who we are.*
